Subject: CSU Stanislaus ERFSA: List of Retiree Applicants / ID Cards for Members

Dear Terry,

Hope all is well. We wish you success in the ongoing search for a permanent AVP, Faculty Affairs.

I am writing on behalf of the CSU Stanislaus ERFSA Executive Committee. When you met with us, the below issues were brought up and discussed. Now they need your prompt attention:

1. We have developed a simple, safe annual Spring communication approach to declared retirees.

We propose one email from us via you (perhaps together with Advancement and HR Offices), at the end of April, to congratulate all declared faculty and staff retirees and to all currently FERPing for their years of service,

In this initial emailing we would also like to include all faculty and staff retirees from the 3 pandemic academic years 2019-2022.

We will invite them to join ERFSA and attach the ERFSA membership brochure while our 50% initial year membership discount continues. Our message will also ask for a reply providing us with a post-retirement email address, a future residence address and phone so we may inform them of future retiree gatherings and campus events.

We firmly believe that this is the best time and way to connect us with all retirees.

Please also identify any faculty or staff recently approved for the Emeriti honor because we have recently approved gratis initial year CSU Stanislaus ERFSA memberships for them.

The ERFSA Main Office has recently reaffirmed a commitment to supply all retirement prospects with ERFSA Membership brochures.

So, we need the contact information ASAP on all faculty and staff planning to retire.

2. How do Emeriti / Retirees verify their identity when on campus? Can an ID card be issued to them?

We appreciate your efforts on our behalf.

At our year-end Meeting Agenda (June 2nd, 12:00-2:00, L-102), you will be included to report on the historic first year of a designated campus representative to the CSU Stanislaus ERFSA.

Best wishes,

Paul
